

Walker Transfer Causes Protest; New Man Coming

The announcement that Richard Walker, area sanitarian, is being transferred to Sonora, effective on January 1, has prompted the Truckee-Donner Chamber of Commerce to enter a protest.

H. G. Loehr, chairman of the board of supervisors, announced this week that he had been assured by state officials that although Walker was being transferred in the near future, a replacement would be selected and sent to Truckee within two months. In the meantime, service will be partly provided from the western end of the county.

In a rather strongly worded letter to Dr. George O'Brien, head of the contract services of the state department of public health, the chamber pointed out that the services of a sanitarian in this fast-growing area are vital to the welfare of the communities and that the removal of the official would work a definite hardship.

An occasional visit by a sanitarian from another city will not be at all satisfactory, the chamber declared.

"It is not enough to claim that satisfactory service can be rendered by sending over such an of-

December 15 will be a red letter occasion for the children of the Truckee Donner district when the Fire-Ettes sponsor their annual Christmas party in the new elementary school for pre-school to fourth grade.

Transportation will be furnished for the children who do not have a way to attend the party, according to Mrs. Eugene Gini. The time when the available bus will pick them up for the Donner Lake section will be: Ramsherd, Pierce Trailer Park, 12:05; Rex Reid's, Tamarack, 12:15; Truckee, 12:30; Sierra Trailer Park, 1 p. m.; Hill Top, old elementary school, Shell station, 1:15; Gateway, Z Market, 1:15; Meadow Park, Texaco station, 1:15.

The pupils from the fifth-eighth grades will be entertained December 14 with a movie and will go home on their regular buses and time.

The children are asked to wait for the buses on the right side of the road for the bus pickup, Mrs. Gini said. The young ones may be registered at all local grocery stores.

FAMILIAR IRON POST GIVEN REAL DRESSING

One of the most attractive improvements in display windows along the main street is at the Sierra Appliance in the Masonic Building. There the huge iron post, which braced the front of the store, but which was unsightly, has been artistically decorated with various sizes and shapes of pine cones to provide a very pleasing effect.

The work of art was done by Mrs. Wayne Ramey, Mrs. Bruce Grow and Mrs. Les Grow, who spent many hours on the project.

DALE HALLS PARENTS OF SON BORN HERE

Mr. and Mrs. Dale Hall of Lodi became the parents of their third child, Daniel Lee on November 19 at the Tahoe Forest Hospital. Daniel weighed 8 pounds and 10 ounces and joined his brother and sister, who were also born here.

Mrs. Hall is the former Miss Joy Loyce Hallett, daughter of Mrs. Eve Hallett of Truckee and Hall is the son of Mr. and Mrs. Lee Hall, also of Truckee.

ACCOUNTANT FOUND GUILTY OF CHARGE

Frederick B. Laster, 57, Truckee accountant, last week was found guilty of embezzling payroll funds while employed by Briggs-Conley-Dennis Construction Company on the new Donner Summit freeway. Laster was tried before a jury in the superior court of Judge Vernon Stoll.

District Attorney Harold Berliner prosecuted the defendant who was represented by Kern Tindall and Gerald Wallace.

Laster assertedly issued numerous checks to himself in the amount of \$11,914 while employed as office manager by the construction firm.

FOOD SALE WILL BE HELD BY AUXILIARY

Saturday, December 8 at 11 a. m. the Junior Auxiliary of Tahoe Forest Hospital will hold a food sale at two locations, Kehoe Market at Tahoe City and the Truckee Mercantile at Truckee. The public is asked to stop in at either store.

Article Points Out Need Of Minimum Flow For Truckee

An excellent article appears in this month's edition of "Outdoor California," the official publication of the department of fish and game, by W. T. Shannon, director of the department.

"This article," said Cecil Edmunds, Nevada - Sierra Counties representative on the California-Nevada Interstate Compact Commission, "shows two pictures of the Truckee River. One with a good water flow and the other without adequate flow and points out the urgent need for a regulated stream flow to provide for the maintenance and improvement of fish and wildlife."

With the population growth throughout the state, a constantly increasing demand will be made upon this area's outdoor resources. Edmunds, who is a member of the Truckee River committee of the compact commission, states, "the adequate flow in the Truckee River is one of the main problems with which the California members of this committee are concerned. Much has been promised by way of relief, from some of the lack of water in the upper reaches of the river, by the completion of Prosser Dam.

This dam is presumed to allow

Precipitation Over Normal For Season

Although the month of November was behind the average in precipitation for this area, the district is well above the normal figure for the season.

Henry Toccalini of the Truckee forest service station said that during last month 1.87 inches of precipitation were recorded here compared to a normal for November of 3.39.

However, the heavy rain during October, which left 8.50 inches brought the season's total to December 1 up to 10.51 inches. The normal for the season, starting September 1 is only 5.56 inches, he explained.

NEW DIRECTORS FOR HORSEMEN SELECTED

The Truckee Donner Horsemen have elected three new directors for coming terms. Lloyd Van Sickle, one of the original directors, was elected for a two year term as was Dave Clements, apprentice lineman for the Truckee Public Utility District. Mrs. George Morey was appointed to fill the unexpired term of William English.

The newly elected officers will be seated at a banquet slated at the Capitol on January 7 and all members are asked to attend. Details will be announced later.

NEW HOME DAMAGED BY FIRE AT DONNER

A cardboard box of miscellaneous items left on the kitchen stove last Wednesday ignited and caused a fire in the new house recently completed by Leo Zander at Donner Lake. Damage was confined to an approximate loss of \$2,000, Zander said, by the fast action of the Donner Lake Volunteer Fire Department.

The first occupants of the home, the Willis Huddleston family, were moving in at about 11:45 a. m. when the fire started. Most of the damage was caused by smoke.

CSF BANQUET WILL BE HELD DEC. 12TH

Members of the C. S. F. will hold their annual banquet, with roast beef as the entree, December 12, serving starting at 6:30 in the local high school cafeteria.

The public will be welcome. Dinner is nominally priced at \$2 for adults, \$1 for children under 12 years of age.

DRIVER HELD

Novella Clark, 44, of Sacramento was held in the Nevada County Jail in Truckee, November 25, and charged with drunk driving after her car struck the rear of a car driven by Ronald Moroni, 26, of Reno. Moroni's passenger, Jim Shenhan, of Reno, was injured.

Supervisors Plan For Building; To Open Bids Dec. 20

Bids for providing financing for the new Truckee county building and the addition to the Nevada County court house will be called for at a meeting of the supervisors on December 20, paving the way for start of construction early in the spring.

Chairman of the Board H. G. Loehr said the bids will be opened sometime in January and that if all goes well as anticipated, bids for actual construction can be called for shortly thereafter.

Work is proceeding on the land-purchase plan as explained by the board in a public announcement last week.

Land for the construction of the local building, plans for which have been approved, has been purchased near the Tahoe Forest Hospital. Cost of construction has been estimated at nearly \$150,000 while the overall building cost will be approximately \$1,263,000.

Contract Is Let To Repair Kent Camp

Truckee District Forest Ranger George Steed of the U. S. Forest Service announced this week that Paige & Donnelly of the Santa Cruz area have been awarded a \$29,500 contract to renovate and modernize the William Kent Campground near Tahoe City.

Work on the project is expected to be started in the spring and will include parking areas, roads, new tables and rest rooms for 98 units. The camp has had up to 150 units in the past but the remodeling will bring the total down to 98 to conform with regulations and policies set by the forest service.

Paige & Donnelly were the contractors on building the new Prosser campsite.

PROGRAMS BY LOCAL HORSEMEN PROGRESS

Restoration of the signs marking the old emigrant trail through this area, a project of the Truckee Donner Horsemen, under the direction of Lee Hall, is going forward.

This was reported at a meeting of the directors of the organization held Monday at the Hall home. Paint and board for the project are being donated.

It was also reported that the first aid class, directed by Dave Clements is in full swing with the standard class in progress on Tuesday evenings at the Clements home. This class will continue on through the advanced session before a new one is started. A film on artificial respiration was shown Tuesday by Patrolman Bud Meixner of the highway patrol.

The next meeting of the directors will be held Sunday, December 9 at 7 p. m. in the Hall home.

In keeping with National Education Week, a recent speaker before the group was James Breher of the high school who gave a talk on education. Many programs, covering a wide variety of subjects, have been planned for the future by Mrs. Beverly Wilson, president.

TRAILER APPROVED TO PREVENT THEFT

The Nevada County Planning Commission has approved the use permit application of James E. Harris, Jr., for parking one trailer at the U-Save Service Station at the east end of Donner Lake. The commission considered the fact the station has been burglarized several times in recent years and the desire of Harris to live at the station to protect the property.

The next meeting of the commission will be held December 10. The December 24 meeting has been cancelled due to the holiday.

POSTS BAIL

Sam Rollins, 33, Auburn, was arrested for violating the county sobriety ordinance Friday by Sergeant Roy Waters and Patrolman Glenn Virus. He later appeared before Judge F. W. Wilson and posted \$52.50 bail.

Donner Lake Bid For Sewer Given Board's Approval

Petitions from the Donner Lake residents asking that an election be held to determine if the area shall be annexed to the Truckee Sanitary District have been received by the governing board and steps taken to provide the much needed sewer service.

The date for calling the election is pending receipt of similar petitions, now being circulated in the Meadow Park and Donner Trail Estates communities and expected in the near future.

At a meeting Tuesday night the board entered into a contract with the J. B. Hanauer & Company, financial consultants, to serve the board in handling the financial arrangements, including the sale of bonds, etc. providing the election carries and the project is started.

The board was not unanimous in this regard, however, with Raymond Hintz opposing the employment of the firm at this time. The firm would receive between 1 and 1 1/2 per cent for its services.

Junior Recreation Program Starts

Edward Siegel, manager of the Sugar Bowl, today announced plans for up to 100 local children, ages 9 to 13, to be given five Saturdays of free gifts and lessons at "the Bowl." The program, under the auspices of the Sugar Bowl, Magic Carpet, Truckee-Donner Junior Recreation Program, began December 5.

Preliminary, dry-land ski instruction will be conducted by instructors from the Sugar Bowl, on December 5 and 12, 7:30 p. m., at the Truckee Elementary School. All interested children and parents, regardless of age, are urged to attend these dry-land ski instructions.

From the indoor dry-land sessions, the program moves to the slopes of the Sugar Bowl for "on the snow" morning instruction and all day recreational skiing. The 100 youngsters participating in this phase of the unique arrangement will receive free round trip tickets on the Magic Carpet, free morning ski instruction, and free use of all lifts and tows in the Sugar Bowl. The "on the snow" segment of this Junior Recreation Program will be held on December 15, January 5, 12, 19 and 26.

All facilities and instruction are donated by the Sugar Bowl—Magic Carpet with the aim of increasing ski interest. For further details children or their parents may contact their elementary school principal.

This was announced by George Steed, district ranger, who said that all requests are being refused.

Tahoe Truckee In 2 Losses As Hoop Season Is Started

Two weekend varsity basketball contests ended in disaster for the Tahoe-Truckee Wolverines. Friday night's season opener with Colfax found Truckee the loser by a score of 21-31 after Colfax had come from behind to win in the second half of play.

The game with Greenville Saturday night found Truckee at the short end of the 49-33 final score.

Starting Friday night for the Wolverines were Butch Smith, Gary Wing, Jim Renfro, Kris Felte and Bill Holley. Smith led the Wolverines in scoring with seven points.

Saturday's game saw Paul Franklin, Steve Besio and Friday night's stalwarts, Smith, Wing and Felte, starting against Greenville. Smith again led the Wolverine scoring attack with nine buckets for a game total of 18 points.

Tom Pendergast's Junior Varsity squad played a more successful game with Colfax as they defeated the Colfax Junior Varsity, 36-29, but was clipped by Greenville's Junior Varsity Saturday night as they lost 42-38.

Tahoe-Truckee will travel to Loyaltan on Saturday night, December 8, in an effort to compensate for the losses of the past weekend.

Squaw Man Held In Swindle Case

Accused of swindling several San Diego County residents of \$35,000 in a "religious retreat racket," Homer K. Clauser, 51, Squaw Valley, was accused Friday in a complaint filed by the district attorney.

Clauser, who is being held for trial in Sacramento January 22, has been indicted on charges of bilking Northern California residents of \$101,000.

Deputy District Attorney Norbert Ehrenfreund said Clauser's method of operation was to meet victims through churches and solicit contributions for a retreat he said he planned for Christian college students.

Ehrenfreund said Clauser's victims in San Diego County included Arlene White of La Mesa, who was said to have been bilked of \$21,000 and the Rev. Ellis Shaw of San Diego who said he lost \$8,000. The county attorney said Clauser would be arraigned in San Diego after his trial in Sacramento next month.

POST OFFICES WILL GIVE EXTRA SERVICE

Additional services in the post offices at Truckee and Tahoe City for the Christmas season were announced today by Postmasters Richard Higgins and Oliver Corona.

Utility Property Is Sold To Beavers For Development

The governing board of the Truckee Public Utility District this week accepted the bid of \$42,500 from C. S. Beavers for 25.94 acres of land adjoining the Brockway Shortcut a mile south of Truckee. It was the only bid submitted for the land which had been advertised for sale.

Beavers announced plans for developing the parcel which adjoins his Ponderosa Heights subdivision. He proposes a commercial and multiple use development in the area.

In the spring, Beavers declared, he proposes to start work on the Ponderosa Palisades where a dozen custom built homes will be constructed. These will be two and three bedroom homes, with one and two baths, all-electric kitchens, 2-car ports and family rooms, designed to sell for between \$15,500 and \$19,500, Beavers said.

The homes will be located on 1/2 and one-acre lots where paved roads and all utilities, including water and power will be installed.

Mr. and Mrs. Beavers now own 225 acres in the highly desirable location west of the shortcut and only a short distance from the Truckee Tahoe Airport and the Ponderosa Golf Course. Plans call for continued future development of the area.

Marquette Named To Head Chamber

Jack Marquette, Donner Lake motel owner, last week was nominated as president of the Truckee Donner Chamber of Commerce to replace Richard Higgins, local postmaster. Francis Longo, manager of the Truckee Public Utility District, was nominated as vice president.

The new officers will be elected at the next meeting scheduled for December 12 and other nominations may be made at that time, Higgins said.

The December 12 meeting will be the only one scheduled for this month and all members are urged to be present at Smart's.

Water Agency Is Activated By Board

The Nevada County supervisors late Monday unanimously adopted a resolution urging orderly acquiring of water rights on the Truckee River and its tributaries to insure protection of California rights in the eastern end of the county.

H. G. Loehr, representing the eastern end of the county, was particularly anxious to protect rights which are held important to domestic water supply in the area.

Action by the board was taken after Adolph Moskovitz, Sacramento attorney representing the county in the California-Nevada Water Compact Commission, pointed out that piecemeal action on water rights could lead to frustration unsuitable to California or Nevada.

The development features of the Truckee River Basin include the completed Prosser Dam and the Stampede and Martis Valley dams which are on the drawing boards.

Moskovitz explained that the Truckee basin water retained at higher elevations and which could benefit California users could be traded for Truckee River water going into Nevada. Supervisor Gene Rieker was appointed chairman of the activated Nevada County Water Agency.

TAHOE TRUCKEE SCHOOL NEWS

KINGS BEACH SCHOOL

KINDERGARTEN—Mrs. Mills: We have been learning about Indians this week. Those who have finished their Indian headaddresses are Kevin Poulter, Mikie Crom, Jess Person, Kathy Kindred, Kevin Gregg and Kerry Kroll.

SECOND GRADE, A. M.—Mrs. Wing: The new boy in our room is Patrick Nickels. Pat comes to us from Reno.

Friday, the children took their

folders home containing the third month's work. Every day, the children are bringing letters or notes from their parents concerning the work they did this month. Bill Holley furnished graham crackers for us this week during our mid-morning milk period.

SECOND GRADE, P. M.—Mrs. Smith: Our class has been square dancing, but because we have only six girls, we have had to borrow some girls from Mrs. Wing's morning class. Those girls who come every afternoon to dance with us are Debbie Sipes, Suzanne Thompson, Dorothy McDonald, Kathy Hansen, Kris Weber and Marla Bracy.

We had a 50 word spelling test

and the following children had perfect papers: Mark Price, Lee Wentz, Davey Ferrari, Michael Brendel and Debbie Reynolds. Some children had a 28 word test and Jeff Sundquist, Kathy Klockman and Chris Grellman received 100 per cent.

TRUCKEE ELEMENTARY

KINDERGARTEN—Mrs. Osborn: In our November art work, the children have decided that the nicest work was done by Jan Jensen, Gene Gini and Carolyn Rose of the morning class, and by Colleen Wissenback and Freddie Fernandez of the afternoon class.

THIRD AND FOURTH GRADE—Mrs. Roth: New class officers elected for the month of December are: Carol Bunt, president; Patsy Goldsmith, vice president; Beth Rhodes, secretary and Carrie McKinley, treasurer. New monitors for our room are Charles Denney, Kay Raynor, Marvin Conston, Jean King, Mickey Smisek, Judy Dent and Carlos Lopez.

We're happy to welcome Pamela Reich to our room. Her family has recently moved to Donner Lake from Sparks.

FOURTH GRADE—Mrs. Heath: We had a final test on our unit in science on weather. The following people received an A on the test: Connie Bochner, Kenneth

Grady, David Greene, Linda Little and James Baker. We have a new girl in our room who comes to us from Sparks. Her name is Sandra Reich.

FIFTH GRADE—Mrs. Small: Those who received A's on the trial spelling on Wednesday are: Donna Comola, Susan Doyel, Anita Smith, Donna Owens, Margaret Gonzales, Carl Mahon, Steve Gardai.

Mrs. Small's fifth grade class is working on maps, pictures and reports in social studies. The elementary school chorus is going to sing for the P. T. A. on December 10. All parents are invited.

SIXTH GRADE—Mr. Stever: Class officers for December are: Herbert Fernandez, chairman; Gloria Purdy, co-chairman; and Augie Acosta, secretary. A's in arithmetic were earned by Maryann Atkinson, Michelle DeLisle, George Franceschini, Gloria Purdy and Justus Spillner.

A's in spelling were: Augie Acosta, Maryann Atkinson, Gloria Purdy, Linda Rickert, Jeff Jellin, Curt Melugin, George Franceschini, Mary Lander, Kenneth Davis, Joe Corro and Kathy Stowe. Beaver Trappers, Justus Spillner and Mike Davis gave a good report.

TAHOE LAKE SCHOOL

KINDERGARTEN—Mrs. Henke: In the kindergarten class we have "helpers" each day, a boy and a girl, chosen alphabetically. The helpers during the past week who were able to count all the children in their class without help were:

Karna Bowden, Colleen Conners, Karen Duttweiler, Steven Hislop, Glenn Holley, Lloyd Johnson, Deborah Grahm, Deano Jaynes, Jeanne Nichols, John Nyberg, Judy Strain.

NORTH TAHOE
BRIEFS...... By BETHEL
Telephone Liberty 6-3842

The only news of consequence on the North Shore of Lake Tahoe this week and next, in our opinion, is the Snow Flake Ball. The Lake Tahoe Sierra Chamber of Commerce is sponsoring the ball and beauty pageant to be held December 15 at the Nevada Lodge. Cocktails, buffet supper, crowning of Miss Sierra Snow Flake of 1963, dancing, and surprise entertainment will provide an interesting fun evening at the outstanding social event of the season.

At the last board of directors meeting, president, Don Beck, appointed Bethel Van Tassel, chairman. A charm school for the candidates for queen will be headed by Dorothy Beck with Eileen Wilen, Jacquie Black, Jetta Steward and Penny Fisher assisting. Chairman for the decorating committee will be Alice Hall and her assistants are Helen Fries, Jewel Riley, Abby Sigismund and Lorraine Ducharme.

Coordinating the other activities are Sandy Poulsen, Jeanne Van Wetter, Velda Farris, Isabelle de Luque, Audrey Welch, Jim Hecht, Ernie Riley, the Lake Tahoe-Sierra Chamber of Commerce's Man of the Year, will play a prominent part in the staging of the production. Additional persons will be assigned to the various committees as the necessity arises.

Tickets are available at the chamber office in Kings Beach and by phoning the manager, Fred Schultz at LI 6-2501. Tickets may also be obtained from Red Wadell in Kings Beach, Jim McCourry at the Crystal Bay Development Company, Incline Village, Ray Plunkett, Crystal Bay, Carlton Kornske at the Nevada Lodge or members of the Tahoe Squaws, Lt. Frank Adams of Washoe County sheriff's office, Crystal Bay.

Advance request for tickets and mounting enthusiasm indicate tickets will be a premium. Get yours early.

Well! Now I think I've heard everything. Putting on the dog is an actual fact. Doggy-lashes to glamorize your favorite pet are the newest dress-up item. The colors will go with the collars and bows used to dress many breeds. Adhesive is used to apply the lashes and they can be removed with no discomfort to the pet by quickly pulling them off. The lashes come in four thicknesses and are fairly long, can be trimmed to suit the individual dog and all come in colors, black, Brown, blue, red and green.

VFW Auxiliary president, Bea Snell, and members of the group, Pearl Draney and her guest, Marlea Draney, May E. Murray, Ruby Clackett, Gladys McClellan, Ethel Antonson, Donna Springer and Pearl Moore, entertained the veterans at the Veterans Hospital in Reno Thursday evening. Bingo was followed by refreshments.

The auxiliary gave the hospital five lap afghans which were made by Bea Snell, Esther Horstman, Pearl Sigg and Gladys McClellan. A case of playing cards, 144 decks, was donated by H. E. "Mac" McCoskey of the Crystal Bay Club.

Don and Dorothy Beck and children, Craig, Gregory and Dona Lisa, and their dog, Scott, of Tahoe Vista flew to Los Angeles in their new plane for the Thanksgiving holiday. Visited friends, relatives and Don transacted personal and Lake Tahoe-Sierra Chamber of Commerce business while there.

Upon return home, the Humes and J. C. and Inez Jordan of Kings Beach went to San Francisco and to the Cal-Stanford game, where they were joined by friends.

While in the south, the Humes and Jordans attended the Navy-USC game. Inez's brother-in-law, Ray Novelli, is on the coaching staff for the Navy team, so she undoubtedly enjoyed the game.

The Humes and Jordans enjoyed Thanksgiving dinner at the home of the Jordan's daughter and husband, Janet and Ralph Yopp and children, Lori and baby J. C., at Reno. Fred Frazier of Reno was also a dinner guest.

Report from Rocky Hume who is spending the winter with wife, Grace at Palm Desert, that he is home and nicely recuperated from major surgery. The Humes are Crystal Bay summer residents.

An Arts and Crafts Show will be held at the Fireside Room of the Kings Beach Methodist Community Church under the sponsorship of the Women's Society of Christian Service Saturday, December 15. Chairman of the show will be Dorothy Corbin and Lou Mills.

Any handicraft, hobby work, art work, may be entered and displayed for sale. Mrs. Herbert Grellman of Brockway has donated a small canvas which she painted especially for the show and will be on display for sale. Mrs. Grellman is an outstanding artist and the person who owns this canvas will be fortunate. Pearl Draney is president of the WSCS and persons interested in exhibiting at the show may contact her or the two chairmen.

Frank and Ina Wright of Tahoe Vista have departed by jet for an

extended visit to Liverpool, England, where they will visit Frank's family. From England they will visit at Frankfurt, Germany, at the home of Ina's family.

Luncheon and card party is scheduled for December 10 at the Tahoe Vista home of Adeline Gunkel. This is the first in a series of winter social parties planned by the Women's Society of Christian Service according to president, Pearl Draney.

Reservations may be made by phoning Adeline or Marguerite Ashton. The public is cordially invited to attend.

PARK COMMISSION IN WARNING ON LANDS

SACRAMENTO — (CNS) — The California park commission has issued a warning against dissipation of irreplaceable park system land for such other uses as highways, parking lots, public buildings, utilities and school sites.

The commission adopted a policy declaration that all state park properties "shall be firmly held against the pressures of expediency."

"This is a determined warning against dissipation of irreplaceable park system land," the commission said. "Only after full determination that plans and lands of equal usefulness to other purposes are impossible to achieve or obtain in any other manner, can encroachment be considered."

"Full compensation to replace or enhance the violated park value

must be provided," it said. "Any changes necessary should be in conformity with the land use plan adopted for that park system unit and with a view to future requirements."

"Expediency has no place in basic determination of land use," the commission said.

ELKS SPONSORING YOUTH LEADERSHIP

TAHOE VISTA — Harry M. McIntire, Jr., exalted ruler of the Elks Lodge, announced the opening of the Elks National Youth Leadership Contest.

The exalted ruler said that the leadership contest was designed to spur youth to follow the example of America's astronauts.

"These men exemplify the highest type of American leadership," McIntire declared. "They did not develop their character and leadership abilities after their selection. Their historic achievements climaxed their training in school, church and community affairs and emphasize the importance of starting early in life to learn how to lead."

The contest, now in its 14th year, is open to boys and girls under 19 who compete in separate divisions on local, state and national levels, according to Exalted Ruler McIntire. Entries are judged on their leadership achievements in school, church and community service activities, Americanism and citizenship appreciation, perseverance, resourcefulness and sense of honor. The contest, participated in by more than 2,000 Elks Lodges, is sponsored by the Order's Youth Activities Committee under the chairmanship of E. Gene Fournace of Canton, Ohio.

20 CANDIDATES TO VIE FOR QUEEN OF TAHOE WINTER BALL

KINGS BEACH — Over 20 candidates for the title "Miss Sierra Snow Flake of 1963" have entered in the Lake Tahoe-Sierra Chamber of Commerce beauty pageant which will be staged during the revival of the chamber's Winter Sno-Ball, December 15, according to Bethel Van Tassel, chairman of the Sno-Ball.

"Previous plans to hold the event in Squaw Valley went out the window late last week when 14 queen candidates entered the contest in one hour after school," Mrs. Van Tassel continued. "Since staging space in Squaw Valley was very limited the entire Sno-Ball and beauty pageant will be held in the Nevada Room of the Nevada Lodge."

Bernice May, ticket chairman for the Sno-Ball, announced that advance sale of bids to the event was brisk. Tickets may also be purchased in person or by mail from the Lake Tahoe-Sierra Chamber of Commerce office, Box 186, Kings Beach.

All contestants in the beauty contest will be provided with two free charm school sessions, according to Dorothy Beck, who heads up the pageant. She added that the first charm rehearsal would be Sunday, December 9 at 1 p. m. in the Nevada Lodge. Final rehearsal will take place on the day of the Sno-Ball and Beauty Show, December 15. Advice regarding the proper clothing for the candidates will be a part of the charm school, she concluded.

ECONOMIC SURVEY IN COUNTY STARTED IN COMMITTEE MEET

A study to survey Nevada County's economic resources and prepare recommendations for encouraging their development was launched at a dinner meeting of 27 county and state leaders at the National Hotel in Nevada City.

The study was authorized by resolution of the board of supervisors following discussion last winter. Each supervisor appointed five members to obtain county-wide representation on the voluntary organizing committee which will provide general guidance to the study and recruit people to serve on working committees.

Supervisor Neil Hennessy, County Planning Director Bill Roberts, and State Economic Development Agency Field Representative Norman Bass, explained the value and purpose of the proposed survey. According to the speakers, the survey will provide data needed to attract industries and investments in the county.

The specific objectives of the county-wide study are:

1. To create new jobs in the county.
2. Raise the average personal income.
3. Spread the tax base.
4. Provide needed public services.

While the study will cover the entire county, special emphasis will be placed on each area of the

LAKE LEVEL CONTEST EXTENDED BY GROUP

KINGS BEACH — The Lake Tahoe Sierra Chamber of Commerce announced today that the duration of the chamber sponsored "Lake Level Contest" has been extended through December.

"This has been an interesting county. It is anticipated that the process of inventory and evaluation of the county's resources will result in a county-wide program to improve the opportunity for development of these resources and correct any weaknesses or limitations.

Another result of the study should be that the businessmen and residents throughout the county will be better informed factually about all its resources and advantages.

Twenty-one of the 25-member committee attended the meeting, including Dr. Henry Tapia and Lyle Hubbard of Truckee. Cecil Edmunds, Francis Longo and Paul Van Vleet were unable to attend due to prior commitments in Truckee.

COUNTY GETS HUGE SUM FOR USE TAX

SACRAMENTO — (CNS) — The October apportionment of state

guessing game," the Chamber Manager Fred Schultz said, "and we have had a good response to the contest which has been sponsored as a chamber fund raising event."

According to Schultz the event was extended because the elements had wiped out the formulas and many people were making second guesses.

"Since the purpose of the event is to raise enough money to purchase a new Lake Tahoe brochure," Schultz added, "we decided not to quit while business was so good."

Guessing the lowest level to which Lake Tahoe would fall this winter season started when the lake's elevation was over 6,224.0 feet above sea level. Last year's low level was below the natural lake rim of 6,223.0 feet above the sea. This was the second consecutive year that Lake Tahoe had receded beyond this low point.

highway users taxes included \$29,430 as Nevada County's share, State Controller Alan Cranston reported.

The cities received \$3,469,440 and the other \$23,772,529 went into the state highway fund for expenditure on highways.

The allocation was derived from net gasoline tax, \$33,306,625; diesel fuel tax, \$2,500,477; transfer from the motor vehicle transportation tax fund, \$1,328,318; and miscellaneous, \$808.

THE BEST GIFT OF ALL... Give Mom more time with the family!

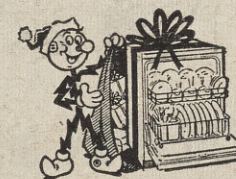

Give her an Electric Dishwasher!

Here's a gift that Mom will really welcome... a gift that she can really use... an electric dishwasher. As far as Mom's concerned, anything that will let her spend more time with her family is a good investment, of that you can be sure.

A modern electric dishwasher makes life more pleasant in many ways. It's not only easier on Mom, but

it's easier on the dishes, too. And because it uses hotter water and stronger detergents than Mom's hands can stand, it kills germs and bacteria far more effectively than tedious washing by hand. Result... better family health. This year give Mom an electric dishwasher for Christmas, and give the whole family the best gift of all... more time with Mom.

the regulation of the outflow of water from Lake Tahoe in a manner that will maintain the Truckee River as a live stream sufficiently to sustain good fish life conditions throughout the season."

"As Mr. Shannon so ably points out in his article," said Edmunds, "unless means are agreed whereby constant surveillance can be maintained over all releases, as well as any future water demands effecting the flow, it might well be that the Truckee River and its tributaries will cease to be known as one of the finest trout areas in the state."

"The key to our future development is our water, the liquid gold of the Sierra," continued Edmunds, "and man made projects should not be allowed to detract from the resources or economy of the area, but should supplement and increase our natural fish, wild life and recreation facilities."

The next meeting of the Truckee River committee of the interstate compact will be held in Reno on December 12 and 13.

TRUCKERS WILL GET CODE INSTRUCTION

Lieutenant Oliver Ledford, commander of the Truckee squad of the California Highway Patrol, this week announced that a meeting of all truck operators in the area will be held at the high school cafeteria at 7 p. m., December 18 for the purpose of receiving instructions for compliance with Section 26310 of the vehicle code. Deadline for compliance has been set for March 15.

The section states that "every vehicle using compressed air for actuating of the brakes shall be equipped with a safety device approved by the department which will prevent the loss of air pressure if the air line breaks or a diaphragm is ruptured, and will permit effective application of the remaining brakes of the vehicle, or other safety device approved by the department which will, upon loss of air pressure, automatically apply brakes to the wheels of the vehicle."

The patrol is offering vehicle owners and operators instructions in installing various devices.

ficial from the other end of the county when needed, for past experiences over the years have proved that such an arrangement causes undue delay, expense and inconvenience to us all," the letter from Richard Higgins, president of the chamber, explained.

"We, in eastern Nevada County, ask little from the state or county, as best can be illustrated by the number of special districts we have formed to acquire services we need," the letter declared. "In this case the law does not provide for us to form a public health district, consequently we must rely upon the state and county for such services and to deny us our elementary requirements in this respect, in our opinion, shows little, if any, consideration for our welfare."

Copies of the letter were sent to the board of supervisors, Dr. Elbridge Best, county health officer and Dr. Ray Wiser, deputy county health officer.

Mr. and Mrs. Walker have sold their Donner Lake home to Mr. and Mrs. Harold D. Hall of the State of Washington and plan to leave immediately after Christmas for Sonora. Hall is employed by the Burney Lumber Company in Truckee.

The entire area will regret the departure of the Walkers who have made a legion of friends in the community and will be missed.
